

GLUTEN FREE

WHY GLUTEN FREE?

Hanna, my daughter, was diagnosed with Celiac Disease in 2005 at the age of 7.

One of the first goals after we opened Corner Pub was to provide quality, delicious gluten free food, and, more importantly, to educate our staff about what being "gluten free" really means. We are very proud of what we have created and even more proud of the staff that stands behind it. Years later, ALL restaurants in our OG Hospitality Group offer great gluten free menus. And Hanna, now a bona fide food diva, has had a hand in all of it. (At least she thinks she does!)

So why Gluten Free? We don't do it because the competition is doing it across the street. And we don't do it because it's a fad or something we're required to do. We do it because we live it everyday and understand all too well the challenges of going out to eat and finding delicious, healthy Gluten Free options.
